Guarantee:

Complete Guarantee - Peace of mind for you and your buyer. • Even though you build a quality home, sometimes problems with workmanship, systems and structure can arise after the sale. Obviously, these problems can create significant financial exposure for the builder - the average structural defect can cost \$50,000 or more to repair. • In addition, these problems can lead to disputes between the builder and homeowner. Without an express written warranty from BBWG, there's a much higher chance of being dragged into court to settle the dispute. Defending yourself in court is unpleasant as well as expensive. • Our New Home Warranty uses time-tested language that clearly defines what's a defect, what's covered and how disputes will be handled. That greatly reduces your risk of lawsuits. And, the warranty pays the cost to repair covered structural defects for up to 10 years after closing, greatly reducing your financial risk. • Our New Home Warranty reduces uncertainty. Coverages and dispute resolution processes are clearly defined. And, it's reassuring to know that Bonded Builders Warranty Group is there to cover the potential significant cost of structural repairs. All in all, the Classic Warranty means peace-of-mind for both builder and buyer.
